- To gain hands on experience and develop technical skills in the field of computer science, while contributing to the growth and success of an innovative organization.

SKILLS

TECHNICAL SKILLS

- Proficient in web development frameworks and technologies like HTML, CSS, SCSS, and JavaScript, complemented by expertise in React JS, Redux, Framer Motion, Next JS, Node JS, Bootstrap, and Tailwind CSS.
- Experience with programming languages such as Java, C++ and C
- Knowledgeable in data structures and algorithms
- Familiarity with database management systems such as MySQL and MongoDB
- Experience with Ux Ui (Using Figma)

SOFT SKILLS

- Communication skills
- Teamwork and collaboration
- Leadership

EXPERIENCE

Frontend Developer Intern

June 2024 - October 2024 | SJ Innovation LLC, Verna, Goa

- Worked on content migration for a popular eCommerce site, migrating multiple product and generic pages from Drupal to Contentful. The site's frontend was built with Next.js, and the backend utilized Contentful.
- Contributed to the frontend of a company project using React.js and Tailwind CSS, building and optimizing user interfaces for a seamless, responsive experience across all devices. Collaborated closely with design and backend teams for smooth integration.
- Contributed to an internal company product built with the MERN stack, designed for device allocation within the company. This tool included features such as device history, software history, and more, streamlining the management of company assets.

Software Development Intern

July 2023 - September 2023 | Persistent Systems Ltd., Verna, Goa

- Developed frontend interfaces for two demo projects, simulating the user experience of popular email platforms, Gmail and Outlook, using React, CSS and Rest API.
- Contributed to a live project by integrating Outlook and Gmail features into a unified application. Technologies used included ReactJS, CSS, and Rest API.

UI And UX Designer

July 2021 - October 2021 | Hexcoders, Vasco Da Gama, Goa

- Created wireframes, storyboards, process flows and other UX documents.
- Developed interactive prototypes for testing purposes and conducted usability tests with users.
